

ORACLE

Open Approach Open-Source Platform

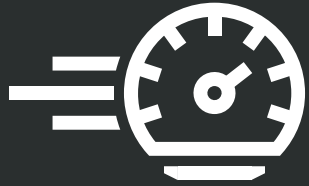

Customer Presentation

Open Source Data Platform, EMEA

“Why should I consider OCI for my
open-source AI Data Strategy?”

OCI for Open Source AI Data Strategy

Performant

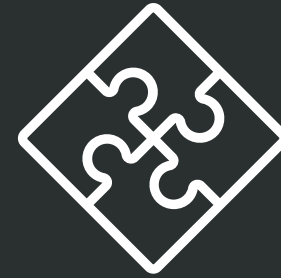

The best performance at the best price.

Enjoy transparent and globally consistent pricing.

Open

Adopt a truly open architecture based on leading open-source technologies for complete independence.

Modular & Complete

Your choice of self-managed open source or managed platform services.

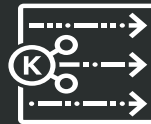

Oracle Approach

End-to-end Process

Your choice of
technology
management

OCI Streaming with
Apache Kafka

Streaming

- 100% **compatible** with Apache Kafka
- Typically, 40% lower cost than AWS MSK
- Fully managed service or serverless
- Real-time processing, distributed storage

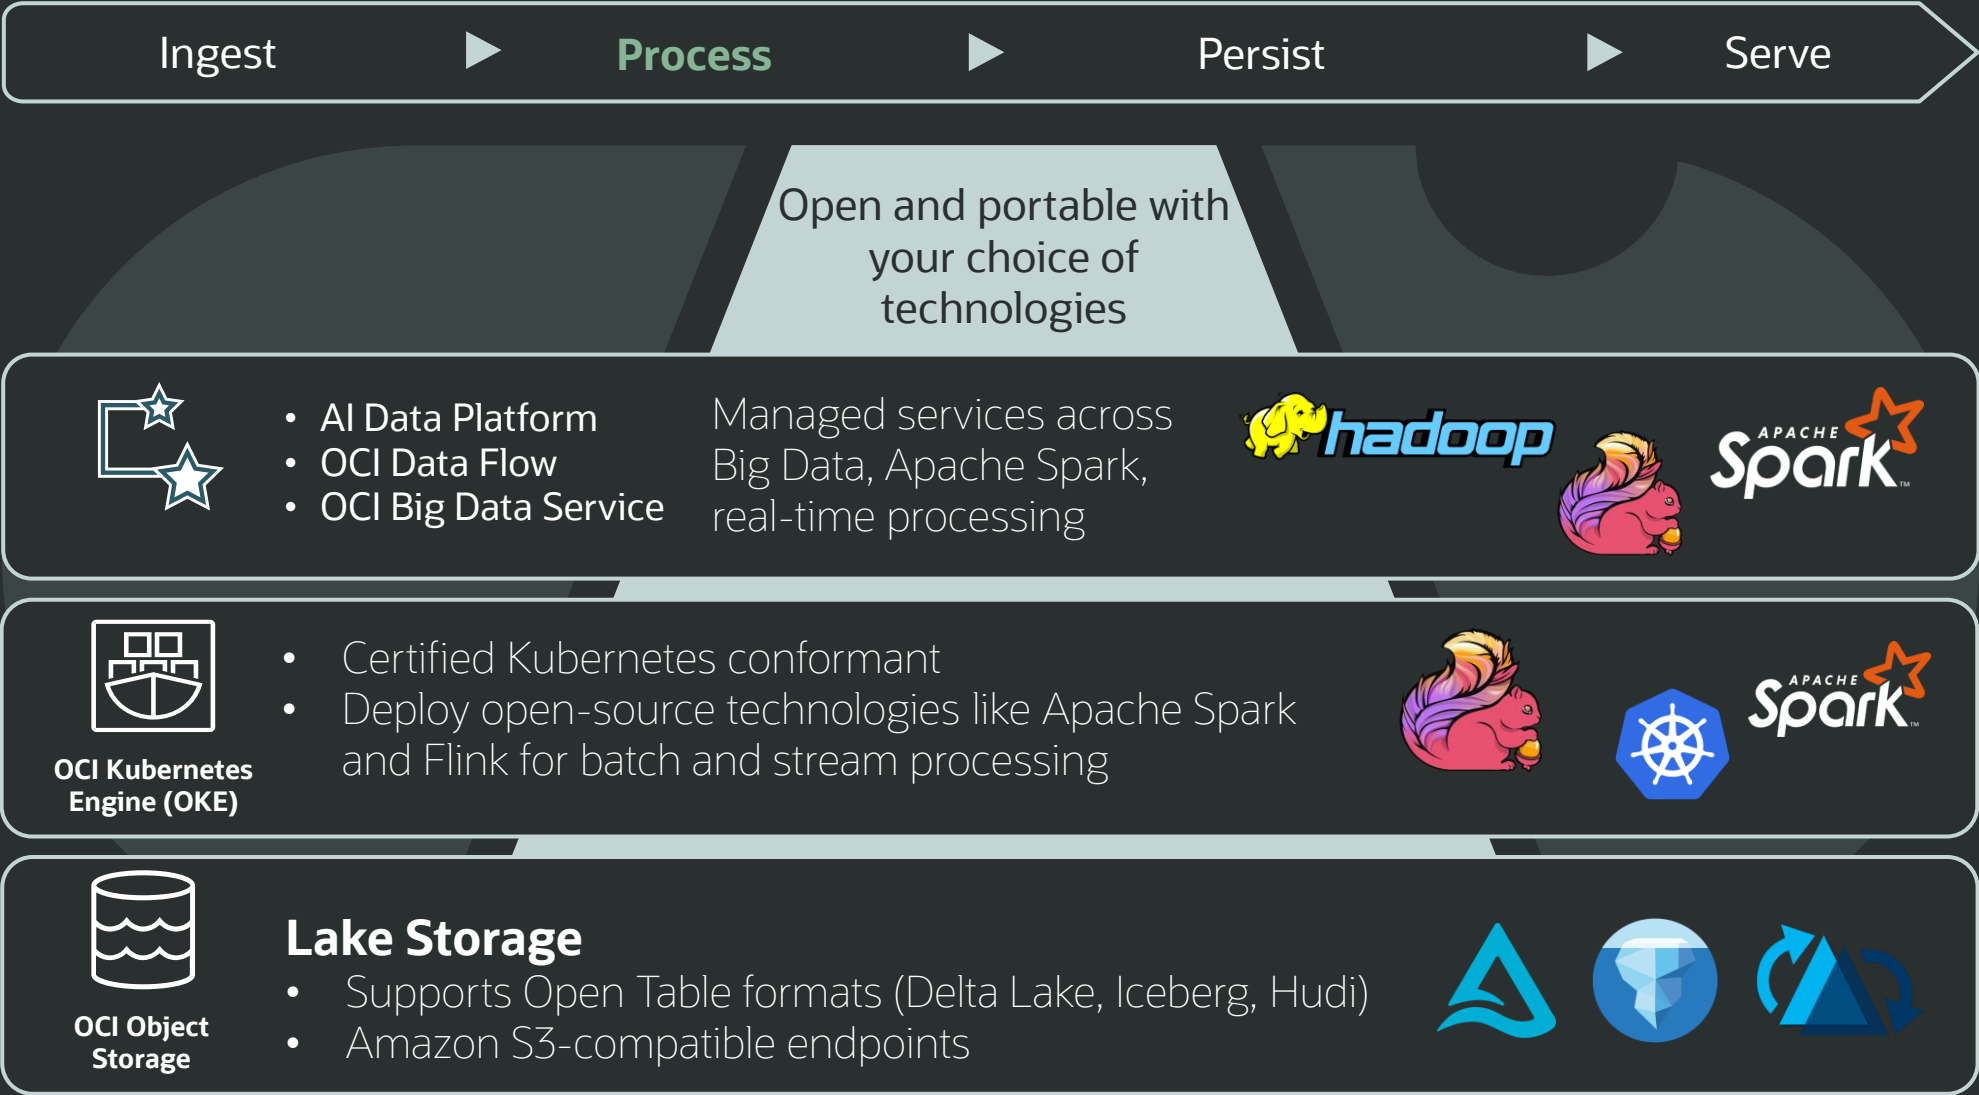

Apache Kafka
on OCI

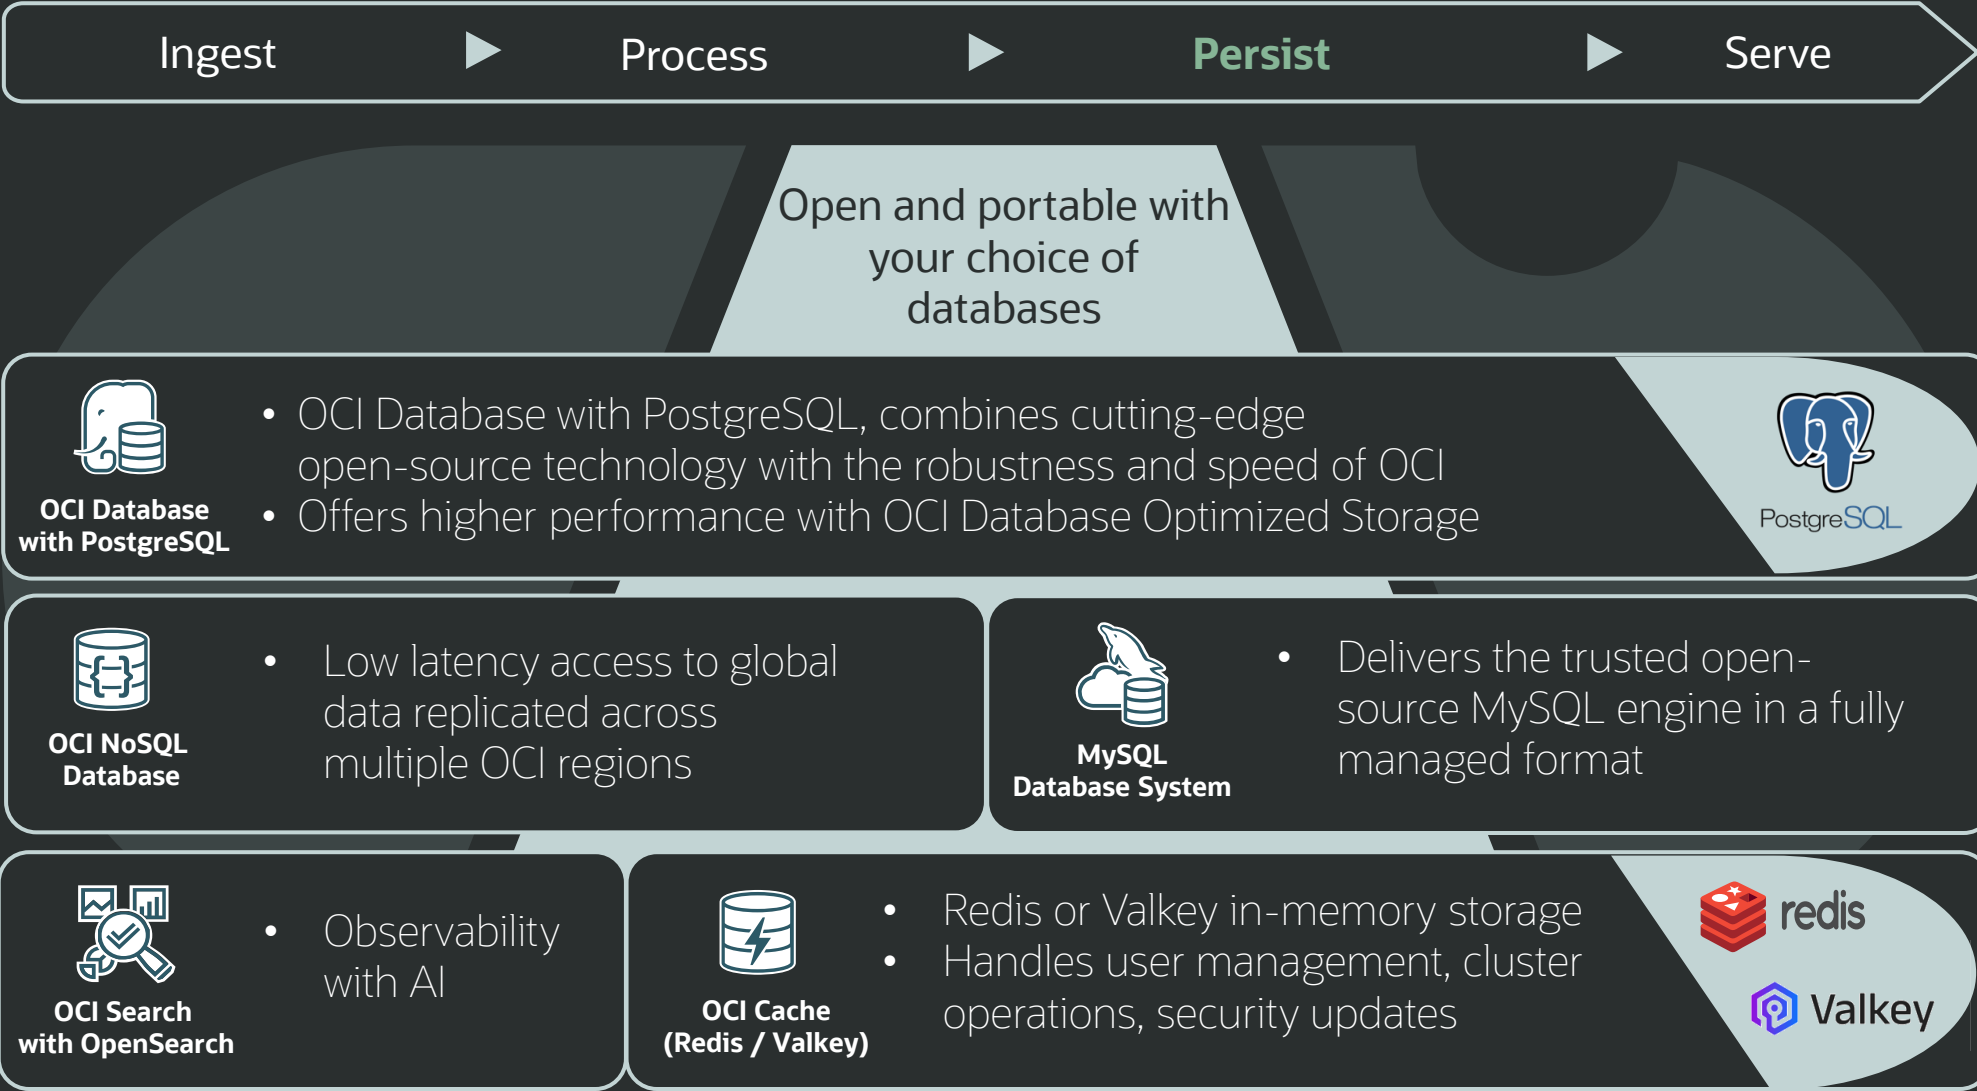

Kafka on OCI

- Customer managed Apache Kafka
- Full control of version and configuration
- Deploy on OKE or VM for maximum portability
